EXAMINER INTERVIEW SUMMARY

Sir:

This communication is to document several telephonic interviews conducted between February 14, 2005 and February 17, 2005 in the above patent application. The record will show that the initial Examiner assigned to this case, Ms. Sally Shih, is no longer working on the application. The application has now been transferred to Mr. Alain Bashore.

Serial No.: 09/650,034

The above interviews involved the substance of a personal interview that was conducted on behalf of the undersigned by Ms. Michelle Leveque (formerly Michelle Larson, of record) on March 11, 2004 and agreements reached therein and during subsequent telephone conferences. The substance of this interview has been previously documented by the undersigned and Ms. Leveque in several prior responses filed in the present application. Such documentation is believed by the undersigned and Ms. Leveque to be fully accurate.

The interviews between February 14 and 17, 2005 were initiated by Examiner Bashore in order to more clearly understand the nature of any discussions had and agreements made during the personal interview and subsequent telephone conversations conducted by Ms. Leveque. Applicants appreciate Mr. Bashore's efforts to clarify the record and assure that he understands the nature of all communications preceding his taking over of this case.

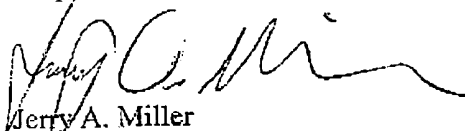

In particular, as documented in prior responses, Ms. Leveque conducted a personal interview which was attended by Ms. Shih and Primary Examiner Kazimi. In Mr. Bashore's attempt to confirm the nature of the matters discussed and the agreements reached, he apparently contacted Mr. Kazimi. Mr. Kazimi apparently indicated to Mr. Bashore that he had no memory of the telephone calls made subsequent to the personal interview or agreements reached with respect to this application. This was conveyed to the undersigned by Mr. Bashore on 2/14/2005. In an attempt to refresh his memory, Ms. Leveque and the undersigned spoke with Mr. Kazimi on the telephone on 2/17/2005. During that telephone discussion, Mr. Kazimi indicated that he remembered the application and seemed to remember at least a portion of the substance of the subsequent telephone discussions when reminded by Ms. Leveque. However, the undersigned was informed by Mr. Bashore on the afternoon of 2/17/2005 that Mr. Kazimi still cannot recall the subsequent telephone conversations or the agreements made during the interviews.

The undersigned and Ms. Leveque stand by their accounts of the interviews, subsequent telephone conferences and agreements reached.
